

Winner – Shell competition

Congratulations to Lasse Halaas, the winner of the “Guess-the-number-of-shells-in-the-jar” competition arranged at the SSB-day. Mr. Halaas, father of Vibeke (class 1) and Fredrik (class 4/5), guessed that the jar contained 284 shells. The actual number of shells in the jar was 282, so it was indeed a very qualified estimate! The prize is a calculator that will be presented to Lasse Halaas.
